GBD152 ROAD GLIDE GLOVEBOX DETENTS

Introducing our new GBD152 detents for the Rushmore 2015+ Road Glide Gloveboxes. The GBD152 detents hold the factory glovebox doors open when fully lifted and provide ease of access. The GBD152 kit is universal for all FLTR model bikes 2015 and newer and installs in minutes with no modifications or tools required. These are available directly through Hawg Wired in 5, 10, 20 and 50 pack cartons.

Key Features:

- High quality injection molded parts.
- High temperature 3M VHB double-sided tape.
- Stainless steel ball bearings.
- Music wire compression springs.
- All parts are Made in the USA.

MSRP \$64.95 per kit

Kit Includes:

- 2 - GDB152 Detent Devices
- 2 - Alcohol Cleaning Pads
- 1 - Installation guide

Dealer packs can be found under accessories [here](#) when logged in using an approved dealer account. Please contact Hawg Wired directly for further support or questions.
